LS03-LABEL SPECS	Priority Mail Service Indicator	102.3.1.a&b., Exhibit 3.1	<p>The marking "Priority" or "Priority Mail" must be placed prominently on the address side of each piece of Priority Mail. Matter mailed in USPS-provided Priority Mail packaging is subject to Priority Mail rates regardless of how the packaging is reconfigured or how markings may be obliterated. If shipping address labels are used, it is recommended that they contain the Priority Mail service indicator composed of two elements, the service icon and service banner (see Exhibit 3.1, Priority Mail Service Indicator):</p> <p>a. The service icon should appear in a 1-inch square in the upper left corner of the shipping label. The letter "P" must be printed inside the 1-inch square and must be 0.75 inches (3/4") or greater. A minimum 3/4-point line must border the 1-inch square.</p> <p>b. The service banner should appear directly below the postage payment area and the service icon, and it should extend across the shipping label. When the service banner is used, the text "USPS PRIORITY MAIL" must be printed in minimum 20-point bold sans serif typeface, uppercase letters, centered within the banner, and bordered above and below by minimum 1-point separator lines. There must be a 1/16-inch clearance above and below the text.</p>
LS04-LABEL SPECS	Registered Mail	Pub. 401, 7-4	The fee paid for the Registered service must be shown within the permit imprint.
LS05-LABEL SPECS	Registered Trademark Not Applicable	608.7.1.1	The registered trademark symbol is not applicable for Media Mail, Library Mail, Bound Printed Matter or Parcel Post.

ERROR	ERROR NAME	CITATION	DESCRIPTION
LS06-LABEL SPECS	Package Service Indicators	102.3.3.a&b, Exhibit 3.3	<p>The basic required Package Services subclass marking—"Parcel Post" or "PP," "Bound Printed Matter" or "BPM," "Media Mail," or "Library Mail"—must be printed on each piece claimed at the respective rate. The basic required marking must be placed in the postage area (i.e., printed or produced as part of, or directly below or to the left of, the permit imprint indicia or meter stamp or impression). Optionally, the basic required marking may be printed on the shipping address label as service indicators composed of a service icon and service banner (see Exhibit 3.3, Package Services Indicators):</p> <p>a. The service icon that will identify all Package Services subclasses will be a 1-inch solid black square. If the service icon is used, it must appear in the upper left corner of the shipping label.</p> <p>b. The service banner must appear directly below the postage payment area and the service icon, and it must extend across the shipping label. If the service banner is used, the appropriate subclass marking (e.g., "PARCEL POST," "BOUND PRINTED MATTER") must be preceded by the text "USPS" and must be printed in minimum 20-point bold sans serif typeface, uppercase letters, centered within the banner, and bordered above and below by minimum 1-point separator lines. There must be a 1/16-inch clearance above and below the text.</p>
LS07-LABEL SPECS	Postal Routing Barcode Elements	708.5.1	<p>The postal routing barcode discount applies to machinable parcels that meet the eligibility requirements in 443.5.5 for Standard Mail, 453.3.1 for Parcel Post, 463.4.1 for Bound Printed Matter, 473.3.4 for Media Mail, or 483.3.4 for Library Mail. To be eligible for the barcode discount, each machinable parcel (see 401.1.5) must bear a properly prepared UCC/EAN Code 128 barcode symbology as described in 5.3 that accurately represents the correct ZIP Code or ZIP+4 code of the delivery address. For information on barcode placement for parcels, see 402.4.0.</p>
